HARD BAGS

Dear Customer,

Two-wheeled electric mobility is evolving rapidly, continuously transforming and growing on a global scale. Following the evolution in consumer demand, stemming from the spread of electric vehicles and new trends, we are introducing new and important job opportunities for everyone.

At GIVI, we understand that we need to make dedicated tools available to you to stay up to date with the new special accessories that we are developing for electric vehicles and the offer of universal accessories with adaptable function, size and design.

With our new approach to electric mobility and the new generation of riders, we are adding some new sales tools to the current ones.

GIVI

MONOLOCK® SYSTEM

MonoLock®, a patented fitting system, designed for top cases with smaller capacity and usually used on scooter and small motorcycle. Even with limitations of maximum load, this system guarantees ease of use together with a high reliability and durability with components boasting lighter and far smaller dimensional restrictions. Because of its natural compatibility with different kind of motorcycles, it is appreciated by the most important brands of motorcycles producers.

MONOKEY® SYSTEM

Patented by GIVI, Monokey® Side represents an interesting evolution of the classic system constituted by the "fitment Kit plus the side-bag". The new solution introduces new advanced technical features and some other point of interest: the cases that adapt Monokey® Side can be recognized by shaped profile of the bottom and by the addition of two new fixing points, composed by "sleds". The latter receive the disengagement movement from the case release button and determine a significant and further increase in overall stability. Monokey® Side allows greater adhesion of the case to the side of the motorcycle, improving the aerodynamic aspect. The motorcyclist's habits won't change, since it will continue to open/close and attach / detach the case equipped with Monokey® Side with one key and push button.

FIXED® SYSTEM

Underbone street bike is the most common motorcycle type widely used in many Asian cities. Basic, yet slim rack system mounted on the motorcycle - great for everyday ride in heavy traffic congestion. Its compact locking and racking system combination - better fit the size and weight of the underbone street bike.

SOFT LUGGAGES

TAIL LOCK RANGE

The range of tail lock bags is an innovative line that includes bags of different volumes adaptable to the tail of your bike through the well-known system "tanklock" for a slender luggage suitable for any touring. The technical features are designed to have maximum storage space, some models of this line are also equipped with a pocket with rear cushion, if necessary removable, to give maximum comfort to a possible passenger.

TLB18

Tail lock "Mini Duffle", 18 ltr.

TLB20

Tail lock bag, 20 ltr.

TLB23

Tail lock bag, 23 ltr.

TLB30

Tail lock bag, 30 ltr.

EASY-T RANGE

The Easy-T range of motorcycle bags is a restyling of the "entry-level" Easy line and includes a wide range of bags for general touring. The materials used (developed in accordance with the new Reach regulations) and the technical features designed for maximum efficiency ensure a high reliability of these bags, suitable for all 2-wheel users.

EA100C / EA101C

Pair of large saddle bags
40 ltr. / 30 ltr.

EA104C

Rucksack with helmet
holder, 22 ltr.

EA107C

Seat roll-bag, 35 ltr.

EA114_ _

Waterproof cylinder bag, 30 ltr.

EA115_ _

Waterproof cargo bag, 40 ltr.

EA119BK

Waterproof cargo bag,
60 ltr.

EA125B

Water resistant
waist-bag.

EA126

Water resistant cylinder
seat bag, 80 ltr.

EA127B

Pair of saddle bags,
25 ltr.

EA129B

Thermoformed backpack
15 ltr.

EA130B

Expandable magnetic
tank bag, 26 ltr.

Specific for BMW R1200GS
Adventure (14 > 18)

SPORT-T RANGE

A line of semi-rigid bags designed for "quick-tourism". Developed to obtain compact volumes and shapes with sports lines. The Sport-T range is particularly suitable for road and sport-touring bikes, with medium to medium/small volumes and technical fabrics laminated and with a reinforced structure (water-resistant, with UV protection). Tanklock and Multilock systems patented by GIVI adds further practicality of use, making the fitting/release system fast and secure.

ST602B

Tanklock tank bag.
4 ltr.

PRIME RANGE

Prime Range - Bringing the riding experience further and beyond. Simply the best solution for accomplished riders.

PWB03

PRIME waist bag,
2 ltr.

PWB05

PRIME waist bag,
4 ltr.

PBP02

PRIME Backpack
25 ltr.

PCB02

PRIME Cargo Bag
30 ltr.

PCB03

40 ltr.

PCB01

Waterproof Cargo bag,
40 ltr.

PTB01

Waterproof Tank bag,
15 ltr.

RIDER TECH RANGE

Practical, user friendly. A wide range that suits the daily needs of riders.

BAT01

Bat roll bag, 8 ltr.

RBP02

Backpack, 15 ltr.

RBP03

Backpack, 15 ltr.

RSB01

Saddle bag, 15 ltr.

RWB04

Waist bag, 2 ltr.

RWB05

Waist bag, 3 ltr.

CITY PACK RANGE

Citypack, agile, intelligent and technological, is the new GIVI line dedicated to professionals who move around the city and need both adequate protection for technology and spaces that can be used quickly.

CIT01

City backpack,
9 ltr.

CIT02

City sling bag
7 ltr.

CIT03

City backpack
15 ltr.

COU01

City backpack
30 ltr.

CORIUM RANGE

Corium, the new line of soft bags, was designed for classic, retro or café racer motorcycles. The line consists of 5 highly versatile models, all with medium to medium-small load capacities, made by combining robust technical materials with two different colours of vegan leather, in a retro design.

CRM101

Rucksack
which can
